# Equivalent Fractions

Adapted from Howard County

Addition Action

Materials:
- Fraction Tiles or Bars
- Paper or Journal

Directions:
1) Find all the ways to make $\frac{1}{2}$ using your fraction tiles or bars/
2) Record you work and label your fractions.

$\frac{1}{2}$	
$\frac{1}{4}$	$\frac{1}{4}$

3) Repeat the same steps for the following fractions.

$$\frac{1}{3}, \frac{1}{4}, \frac{3}{4}, \frac{1}{5}, \frac{2}{6}, \frac{4}{6}$$

4) What conclusions can you make?
5) Determine a rule for finding equivalent fractions.
