

Who Has More? or Who Has Less?

Battle with 2-Digit Numbers

Who Has More? Or Who Has Less

Battle with 2-Digit Numbers

Materials:

- Number cards (20 to 99)

Directions:

- 1) This is similar to Battle. Each student picks a number card (from 20 to 99) from a deck and tells how many groups of ten and leftover ones that card's number has.
- 2) Whoever has more (or less) for that hand wins and takes both cards. The player with the most cards at the end wins.
